4. The hostels for Chinese men and girl students in Tokyo ; the Boys' School and the Night School for young men in business in Yokohama.
5. That the New Students may be quickly reached and won for Christ.
6. That those returning to China may be true and strong witnesses to Christ.

Personnel

Partners in Prayers and Work :—

R. R. Webster, Esq., 10, Campden Rd., S. Croydon, Hon. Treasurer ; Rev. L. E. Binns, North Cadbury Rectory, Somerset ; Miss Bishop, "Greenbank, Newton Abbot, Hon. Asst. Treasurer.

Progress

In Tokyo through visiting, Bible Study Circles, Hostels, and Services, and Special Missions in connexion and co-operation with the Y.M.C.A., thousands have been influenced. For the number of those baptized see map (inset).

In Yokohama, through visiting, classes, a night school, and work in the "Will and Way" School, the Church in Yokohama is soon to be self-supporting.

Prospect for the Future

Chinese Students come and go, but the numbers are likely to keep constant. The position is strategic because of the immediate influence on China by its students. C.M.S. has missions in 8 provinces, but men and women from 20 provinces have been baptized in Tokyo.

C.M.S. gives certain grants which do not nearly cover the cost of this necessarily expensive work. Hence a special fund has been sanctioned.

A half-yearly "News Letter," 6d. per annum (free to subscribers), giving further information, may be obtained from Miss Bishop (see above), who will also be glad to receive subscriptions.
